- Fall concessions – Keys will transfer to Megan after 7/1. Fall sports we will be open for after discussion will be Volleyball, Football, and Soccer. We had lackluster sales for Tennis and Baseball unless it was a tournament or doubleheader. CO2 tanks – Pepsi is asking for them back when they deliver our first order.
- Supply chain issues – Nacho boats – After discussion we will order larger boats since they are now available to be ready for the fall.
- Concessions – A survey will be sent out to see if recently requested items should be carried. These will include but not limited to Lemonade, Iced Tea, and Pickles. All in attendance agreed that we will be mothballing/pitching the current coffee maker and coffee pots. A decision was made to purchase a Keurig to be used for coffee. (*Peggy purchased the new machine that comes with 60 coffee pods from Amazon 6/21.*) Hand warmers may also be available at the stand along with ponchos this year.
- Square card reader – Megan researched and is in favor of purchasing a Square card terminal to be used primarily in the Upper Stand at any time with WiFi and in the lower stand with a hot spot. This reader would allow anyone to use and not have to download the app onto their personal cell phones. All those present were in favor of the purchase. (*Peggy will purchase from Amazon if warranty is as good as Sams/Costco or will go with Amy to order at Sams.*)
